Thank You! Your gift is tax deductible.

Please consider giving to our Union County Family YMCA.

We need your financial support to get through these challenging economic times.

Your support will allow us to serve our community, meet the needs of our youth and families and continue to provide quality programs.

About 5 years ago I realized that I was not taking sufficient care of my physical health. The YMCA was here and offered a wide variety of avenues to overcome the years of neglect I had inflicted upon myself. I can honestly say that I am healthier now than I was 20 years ago, thanks in great measure to the opportunity afforded me by the presence of the Union County Family YMCA. What a great community asset the YMCA is, making available important recreational and fitness opportunities for children and adults

Did you know that it is the policy of the YMCA to provide services to all youth and families who need them, regardless of their household income level? In 2009, we've given more than \$100,000 in scholarships, an increase of over 40% from 2008. This has not come without challenges, however, as the YMCA has found ways to manage through these times by operating more efficiently and reducing our impact on the environment, without sacrificing service to our community and its increasing needs.

This is OUR YMCA and it is up to us as YMCA members and supporters to keep OUR organization healthy so the entire community has the opportunity to enjoy the benefits. I encourage you to find out what the YMCA can offer you and support our amazing community asset with not only a membership, but perhaps also a generous gift. Please consider a year-end contribution to the YMCA.

Your YMCA can make a difference in your life, just as you can make a tremendous difference in the life of your YMCA. We are blessed to have a facility like the Union County Family YMCA in our community. Please do all you can to support it.
